# Celebrating WOMEN'S HISTORY

*"And let us not neglect our meeting together, as some people do, but encourage one another, especially now that the day of his return is drawing near." Hebrews 10:25*

March 1, 2016 –It's hard to believe that Easter is so early this season with Daylight Savings just this week! As we Spring forward, enjoy a review from one of our past drop-in socials. All residing nearby are always welcome to join us. Best for the new season, Loretta

## A Peak Into The Open House Social - January 2016

The Women's Open House Social is wonderfully different each month. As in every meeting God works his purpose. It is never the same experience twice Praise God! Both our faithful sisters and their guests were extremely blessed.

Each meeting as the Holy Spirit moves us everyone has a chance to be heard, to feel loved, and encouraged. At times when someone needs a little or a lot more time there is great understanding and acceptance. This was one of those times. It has been like a great sisterhood. As always we had marvelous fellowship over our meal. We always have a delicious food spread. Everyone has been awesome in pitching in and making it special.

As we came together, we were asked to write down some projects or goals that we have for 2016. As we went around the table, all had a chance to share. There was a great spirit of anticipation on all as each goal was shared. What a beautiful presence of the Holy Spirit. All goals, whether seemingly huge or small, were given respect and attention. Once again God's love and support were expressed as we all ministered to each other. A word of Breakthrough was spoken as God ministered over each one. There were tears and joy and the presence of God could be strongly felt.

As I said, the meetings are different every time in accordance to God's will. Sometimes it is a more casual atmosphere, but God's timing is perfect.

Please feel free to drop-in at any Open House once monthly. Our next meeting is planned for: March 19, 2016 from 5pm to 9pm. Friends and guests are always welcomed.
